

# *Jagdeep Singh Chaggar ACA*

**Internal Audit: Conduct, Culture and Governance**  
**Barclays Bank Plc**

## **Personal introduction:**

I am an experienced Auditor and qualified Accountant with a passion for solving problems, supporting people, inspirational leadership and learning. I have broad experience across the professional services (PwC) and banking industry (Barclays Bank Plc). I spent much of my time auditing large, multi-national companies but gained a wealth of experience working with small-medium sized businesses like the Open Data Institute. My experiences have developed my subject matter expertise on:

- Audit (internal and external)
- Accounting practices and requirements (IFRS, US GAAP, UK GAAP and Companies Act 2006)
- Internal controls and risk management
- Regulatory compliance (banking industry)
- Professional conduct, culture and governance

## **Involvement with ICAEW:**

I am an avid supporter of the ICAEW volunteering communities. I am a registered mentor for the 2019 ICAEW BASE competition and am volunteering my practical experience on grant based contracts, charities and company taxation to support the Young Mums Support Network.

## **Motivation and ability to be a member of Council:**

I am eager to increase my involvement in ICAEW at all levels: strategic, district and local. I believe I can bring about real change based on my personal and professional experiences. My work around Conduct, Culture and Governance drives my desire to be involved with ICAEW investigation and disciplinary committees; where I hope to provide valuable industry insights and shape accountability within the industry.

## **Strategic focus:**

In terms of strategic focus, there are 3 key issues impacting businesses and ICAEW members, namely: Cyber Security, Artificial Intelligence and Big Data. They present both challenges and opportunities within the industry. For ICAEW, I see these issues having an impact on the structure of the ACA and online content provided to members. New technology challenges the profession to ensure skills and technical expertise provided to members is relevant and industry leading. My passion for development and early encounters with these issues will help develop ICAEW's strategic direction.

## **Communication with members in the constituency:**

I am a strong advocate of diversity and strive for an inclusive environment for all communities. I appreciate the value in intergenerational diversity but am keen to address the lack of representation in our younger demographic by hoping to become one of the youngest ever Council members. I will remain actively involved in my constituency through events and social media, ensuring every person has a voice.

I am a proud member of ICAEW, and I believe strongly in the value that the Accounting and Auditing profession has to offer, both to companies and society. Please vote for me as Council member to ensure that the Council remains diverse and fairly represented in 2019. #auditiscool
